Rain Sensing Wipers

Smart wipers that sense the rain and turn on automatically, so you can always focus on your driving.

Wearable Key

Say goodbye to carrying bulky keys around. Enjoy hassle-free keyless entry with a wearable key that you are unlikely to forget.

A Crash Safety Rating is not dependent on the number of airbags

- Crash safety ratings cannot be achieved by simply adding more airbags. The basic car structure must be strong enough to ensure the safety of its passengers.
- A weak structure will get a low rating even with airbags.
- An intact passenger cabin ensures high degree of safety.

Interior Intact – 5 Star Safety

- Passenger cabin remains intact
- No major deformation on A-pillar, B-pillar or floor
- Humanoid dummy not thrown out of seats
- Doors could be opened after crash
